NEWS RELEASE

OrganoClick in the final in the Swedish environmental innovation competition Miljöinnovation

OrganoClick has been selected as one of 14 companies to the final selection of the Swedish environmental innovation competition, Miljöinnovation. The finals will be held in Halmstad on 2-3 April during which the different companies will have the chance of presenting themselves and their innovations. To read more about the competition, please click [here](#).

About OrganoClick AB

Founded in 2006, OrganoClick AB is a spin-off company from Stockholm University and the University of Agricultural Science in Uppsala, Sweden. OrganoClick AB develops and manufactures bio-fiber materials and chemical products with highly specialized functions by using its proprietary technology platform.
